Lucas Automatic Transmission Fluid Conditioner is formulated with the highest quality synthetic base oils and additives to help prevent minor leaks and promote smoother shifting. Our unique chemistry:

- **Prolongs fluid life**
- **Improves fluid shear stability**
- **Improves fluid oxidation to minimize sludge and varnish formation**
- **Reduces parts wear and extends equipment life**
- **Conditions seals to minimize or stop small leaks**
- **Contains an effective foam inhibitor**
- **Reduces noise and Shudder**
- **Maintains cold temperature properties**
- **Designed for use in both new and older vehicles**
- **Compatible with commercial and synthetic ATF fluids**
- **Improves shifting performance**
